

Marion Technical College's Guide to Transferring Ohio College Credit

Background

The Ohio transfer program has been authorized under H.B. 95. Individuals who successfully complete the *Ohio Transfer Module (OTM)* at one institution will be considered to have met the Transfer Module requirements of the receiving institution. Approved Transfer Module courses, when taken individually, are also guaranteed for transfer among public institutions on a course-by-course basis and are to be applied to the Transfer Module of the receiving institution.

A *Transfer Assurance Guide (TAG)*, course is unique in that it has been matched to a set of learning outcomes (identified by an OAN¹ code) in a specific academic subject area. Approved TAG courses carry the guarantee that the courses and their credits will transfer and apply toward the major at any of Ohio's public institutions of higher education, provided they were taken when the courses were equivalent.

Further Ohio transfer information may be obtained at <http://regents.ohio.gov/transfer/>

¹ OAN = Ohio Articulation Number set by the Ohio Board of Regents.

Note: On the reverse side you will find a three-part process that you should follow, in the rare event that there is difficulty in transferring your college credit.

Step One

- Submit your MTC transcript to the Registrar of the receiving college/university.
- Request a written copy of the credits that have been transferred to your receiving college.
- If, within one month, you have not received a response to your request for course transfer, or if credits were not accepted, proceed to Step Two.

Step Two

- If unsatisfied with the transfer decision, ask for a written copy of your receiving college's transfer appeals process and follow those steps within 90 days.
- The receiving college must respond within 30 days of your appeals process request. If you do not receive a copy of this appeals process within 30 days, or if this process is not satisfactory, go to Step Three.

Step Three

- For more information about transferring college credit, contact the Dean of Arts and Sciences, Scott Potter at 740.389.4636, Ext 253, or e-mail potters@mtc.edu
