NAMING OPPORTUNITIES

Gifts to MTC's Building the Future ...

Together campaign may be personalized to honor a friend or family member, or to demonstrate the participation of a business or organization. Each gift will be appropriately recognized.

Gifts over \$10,000 may be paid over a five-year period.

THE NEED

The Ohio Board of Regents recognized MTC's need to accommodate enrollment increases and awarded the College \$3.5 million dollars to construct a new Health Technologies Center.

In order to construct and equip the new Health Technologies Center, support from the private and corporate sectors is needed. Through the Building for the Future ... Together campaign, MTC will realize its goal of providing state-of-the-art learning facilities to train health care workers so desperately needed in Marion and the surrounding communities.

SHORTAGE OF HEALTH CARE WORKERS

It's nearly impossible to listen to the news without hearing about the national shortage of health care workers. The shortage of registered nurses is especially a concern. The Council on Physician and Nurse Supply estimates that 30,000 additional nurses should be graduated each year to meet the demands for health care workers.

GROWING ENROLLMENT

Since 2001, enrollment in MTC's health programs has doubled with 850 students enrolled in 2008. Over 200 students are enrolled in pre-health waiting to be admitted to the nursing and allied health programs.

KEEPING PACE WITH CHANGING TECHNOLOGY

MTC prides itself on the quality of its educational programs and the facilities used to train students for the work place. State-of-the-art equipment and laboratories that simulate the work environment are critical to providing the hands-on learning experience needed to train health care workers.

ADDRESSING THE NEED

Marion Technical College is a leading supplier of trained health care employees for Marion and the surrounding communities. Students in MTC's health programs participate in clinical assignments throughout central Ohio at hospitals, surgery centers, nursing homes, laboratories, and other health care facilities. Historically, graduates of MTC's nursing and allied health programs have performed extremely well on their certification/licensure examinations, exceeding Ohio average pass rates. And, over 94% of MTC's graduates stay in the community after graduation.

MTC IS EXPANDING ITS HEALTH PROGRAMS TO INCLUDE:

- Health Information Management degree

MATCHING GIFTS

If your employer or your spouse's has a program that matches part or all of a qualifying donation, such a program can double or even triple your gift amount.

GIFT PLEDGES

A pledge is a formal statement of intention to make a gift to the College. It may be followed by an immediate gift or it may simply confirm your intention to make a gift by making payments over a period of time. Whenever possible, the College encourages full payment of pledges within a five-year period.

STOCKS AND BONDS

Market conditions may have created an ideal giving opportunity for stocks and bonds, which you can transfer to the MTC Development Fund with tax savings for you.

PLANNED GIFTS

Planned gifts are commitments that are arranged today but generally come to the Development Fund after your lifetime; such as designating a gift in your will, or designating the MTC Development Fund as a beneficiary of your life insurance policy.

MEMORIAL/TRIBUTE GIFTS

The MTC Development Fund's Gift of Education contribution program allows you to make a gift in honor or in memory of someone special. Your gift to the Fund makes for a unique personal gift from you for the holidays, a birthday, anniversary, wedding, graduation, or Mother's/Father's Day.

OTHER GIVING OPPORTUNITIES

UNRESTRICTED SUPPORT

Your gift would be used wherever it is most needed, at the discretion of the College.

SCHOLARSHIPS

Funds would be designated for student scholarships. Donors may establish a named endowed scholarship fund as a tribute to an individual, a group, or in connection with a particular area of study at the College. A minimum donation of \$5,000 is required to establish a named endowed scholarship fund.
