CT CERTIFICATION

ATTENTION RADIOLOGIC TECHNOLOGISTS

—

COMPLETE ARRT REQUIRED 16 HOURS OF STRUCTURED EDUCATION

—

CLASSES START JUNE 6TH.

—

The course is designed to teach all components of computed tomography such as introduction to basic concepts, hardware and system operations, image formation, image analysis, safety, computed tomography procedures, cross-sectional anatomy, and pathology. The course will also prepare the registered radiologic technologists for the post primary computed tomography registry.
