

**MARION TECHNICAL COLLEGE
DIAGNOSTIC MEDICAL SONOGRAPHY EDUCATION
DEPARTMENTAL POLICIES, REGULATIONS, AND PROCEDURES**

Date Issued: 08/21

POLICY # _____

SUBJECT: Third Party Clinical Requirements

POLICY:

Experience in a clinical setting is an integral component of educating students in Marion Tech's Nursing and Allied Health programs*. As a condition of these programs, set forth by their respective accrediting bodies, students must complete clinical placement prior to successful completion of their program. Marion Tech has entered into required agreements with health care facilities and providers to serve as clinical placement sites for Marion Tech students. As always, and defined in these agreements, Marion Tech students are required to adhere to the policies and procedures set forth by clinical placement sites. Marion Tech does not set the requirements for the clinical site, we are only making you aware of these third-party requirements. A student must comply with the clinical requirements, including vaccinations. If a student does not meet all clinical requirements, including getting the vaccines a clinical site has deemed mandatory, the student may disqualify themselves from the Nursing and Allied Health programs at Marion Tech.
