

Application Process (Limited Enrollment)

Admission to the LPN/Advanced Standing Transition Program is in accordance with current Nursing policies. Applicants must submit a completed LPN/Advanced Standing to RN Transition Program application after the following items are received by MTC. The **Priority Application deadline is October 1st for Spring Start date (January) and May 15th for Fall start date (August)** each year and after deadline per availability and program approval.

***The Program uses selective admission practices. Seats are limited. Admission is in accordance with current nursing policies. Applicants will submit application to the program after the following steps have been completed.**

1. Complete an application for general admission to MTC (including nonrefundable application fee).
2. Submit final high school transcript (or GED results).
3. Submit a final LPN school transcript and any additional college transcripts
4. Official grade report for ATI, RN Fundamentals of Nursing Assessment of Level 1 or higher.
5. It is recommended for students to be in the process of taking Anatomy and Physiology 1 or submit college transcript for course transfer.
6. It is recommended for students to be in the process of taking or have completed General Psychology.
7. Validation of current Ohio LPN or paramedic certificate without restrictions.
8. Military medic applicants are required to provide a copy of DD214 and military transcripts with proper designation for medic, corpsmen, or health care specialty while serving. Courses must have been taken within 5 years of application to the Nursing program.
9. A 2.5 accumulative GPA is the minimum for acceptance and 2.5 accumulative GPA for continuation in Nursing program.
10. All students will be required to successfully complete a criminal background check and drug screen prior to admission into NUR1040.

Degree Received: Associate of Applied Science in Nursing (RN)

LPN, Paramedics, and Military Medics must complete the Nursing (RN) Technology Program within five (5) years of passing the most recent successful Fundamentals ATI Exam. Graduates of this program are then eligible to take the licensing examination of the National Council of State Boards of Nursing to become a Registered Nurse (RN). For additional accreditation information visit our website at www.mtc.edu

The Program – Nursing LPN/Advanced Standing to RN Transition

Prepare men and women for challenging and rewarding careers as Registered Nurses who assist in the overall planning and providing of nursing care for patients and their families, as well as educating patients in health maintenance and restoration.

Credit for LPN/Advanced Standing Paramedic and Military Training

Upon application, students will receive credit for transition courses after successful completion of ATI. Students in the Advanced Standing to RN Option will take a transition advanced course to bridge the gap between knowledge gained from previous experience, skills, and abilities to the learning outcomes of Marion technical College Nursing Program.

End of Program Student Learning Outcomes

Provider of Care:

- Applies the nursing process to provide care for select populations.

Communicator:

- Selects therapeutic communication techniques with assigned populations.

Teacher:

- Implements individualized teaching plans for select populations.

Manager:

- Individualizes nursing care activities in prescribed timeframe, in collaboration with instructor and agency staff.

Member within the Profession of Nursing:

- Evaluates effectiveness of behaviors that demonstrate accountability in nursing practice.

Nursing Program Mission Statement

Prepare students to be professional, caring Registered Nurses who promote optimal levels of wellness for individuals, families, and communities.

LPN/Advanced Standing Transition Course

LPN/Advanced Standing Transition (NUR1040) is offered in the spring and fall semester, contingent upon enrollment, space, and instructor availability. Students should register for NUR1040 only after:

- All admission requirements are met.
- Are in the process of taking or completed Anatomy & Physiology I or equivalent transferable course.
- Are in the process of taking or completed General Psychology or equivalent transferable course.
- Acceptance into nursing, including written response from student.
- Prerequisites are completed for NUR1040 and other current courses.
- Attendance at an LPN/Advanced Standing Transition Information Session is verified.

ATI Testing

- Students are only eligible after general admission to the college is complete.
- Test arrangements are made through the MTC Workforce Solutions office.
- Advanced payment of testing fee is required.

Upon successful completion of ATI, RN Fundamentals of Nursing Assessment of Level 1 or higher, credit will be given for the following courses (ATI test limited to 3 attempts):

- NUR 1003 Nurse Aide Training
- NUR 1400 Foundations of Adult Nursing Care I
- NUR 1004 Nursing Test Success (LPN only)

Dual Degree

One pathway to achieve the BSN is to declare a dual degree at Marion Technical College. The dual degree would be an Associate of Applied Science in Nursing and an Associate of Science. An advantage of the dual degree would be that the MTC student can take additional courses that are transferrable to the BSN.

Articulation

Marion Technical College has articulation agreements in which graduates from the ADN program can seamlessly transfer into BSN (Bachelor of Science in Nursing).

Accreditation

The MTC Nursing Program is accredited by the Accreditation Commission for Education in Nursing, Inc. (ACEN) and approved by the Ohio Board of Nursing.

ACEN Telephone: 404.975.5000.

ACEN Website: www.acenursing.org

ACEN Address: 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326

The MTC Nursing Program is also approved by the Ohio Board of Nursing

www.nursing.ohio.gov

** For the current curriculum and approved electives, please view the Nursing RN Fact Sheet.*

Note: Nursing is a regulated profession. The training, licensure, and practice of nursing are subject to federal and state statutes, rules, and regulations. In addition, each hospital may have rules or policies. A student's eligibility for admission or continuation in MTC's Nursing program is subject to the requirements of, and compliance with, all applicable statutes, rules, regulations, or policies (including a physical exam). Prior to or during acceptance into the nursing program, training, licensure, or employment as a nurse, each individual will be subject to a background check including, but not limited to, an analysis of fingerprints and review of prior criminal records. The submission of any false information to MTC or any federal/state agency shall be cause for immediate dismissal from the Nursing program. The Ohio Board of Nursing may deny admission to the National Council Licensing Examination-Registered Nurse (NCLEX-RN) based on review by the Ohio Board of Nursing Compliance Unit.

Advanced Standing (LPN, Medic, and Paramedic) Program

Associate of Applied Science Degree

(Effective Academic Year 2021-2022) *New Page
