Check-in begins at 2:30 p.m.

CONDENSED PROGRAM:
Saturday, DEC 14, 9:00 – 11:00 a.m.
Check-in begins at 8:30 a.m.

Health Technologies Center Auditorium
Get to know campus.

Getting to know MTC will help you be more familiar and comfortable with Marion Technical College, helping you to hit the ground running toward reaching your goals. New student orientation will help you understand expectations in college and introduce you to important campus resources that will support your success. Orientation is a great way to get all your questions answered and make sure you are ready for the first day of classes.

At orientation you will:
- Meet faculty, staff, and other students in your area of study
- Get information about campus and community resources
- Learn strategies to be a successful student
- Receive a campus tour and student ID card
- Get your questions answered about your schedule, books, financial aid, and more

Orientation Formats

We offer orientation in two different program formats. The full program allows you to take advantage of everything orientation has to offer. You will be able to attend multiple small group sessions (with other students and faculty/staff in your major), visit a campus and community resource fair, get your ID card, go on a campus tour, and meet with an academic advisor (some of these items are optional). Lunch or dinner is provided during the full program. The condensed program is a shorter program designed for students who are not able to attend the full program due to work or family obligations. You will attend a general information session and have the opportunity to get your ID card and go on a campus tour.
