**Ohio Transfer 36 (OT36).** Individuals who successfully complete the **Ohio Transfer 36 (OT36)** at one institution will be considered to have met the Transfer Module requirements of the receiving institution. Approved Transfer Module courses, when taken individually, are also **guaranteed for transfer** among public institutions on a course-by-course basis and are to be applied to the Transfer Module of the receiving institution.

**Transfer Assurance Guide (TAG).** Courses are unique in that they have been matched to a set of learning outcomes (identified by an OAN code) in a specific academic subject area. Approved TAG courses carry the **guarantee that the courses and their credits will transfer** and apply toward the major at any of Ohio's public institutions of higher education, provided they were taken when the courses were equivalent.

**Career Technical Credit Transfer (CT<sup>2</sup>).** Legislation directs the Ohio Board of Regents to work collaboratively with the Ohio Department of Education, public adult and secondary career-technical education, and state-supported institutions of higher education to establish criteria, policies, and procedures to transfer agreed-upon technical courses from one system to another.

\* Further Ohio transfer information may be obtained at <http://regents.ohio.gov/transfer/index.php>.
