

OIS 1240 Computer Applications

Course Description:

This integrated, project-based course will help students use the software applications Microsoft® Word, Excel, PowerPoint, and Access to solve business problems. Students will use the Internet and e-mail as they research topics and prepare documents using the appropriate software applications. Course topics include technology history, future trends in technology, and the role of technology in a professional environment.

Scheduling the Credit by Exam:

The student must complete the credit-by-exam form and pay the fee (\$45) for the exam in the MTC Business Office prior to taking the exam. The student must contact Angela Atha in BR 161C, athaa@mtc.edu, or telephone at 740-386-4115 to schedule an appointment to take the credit by exam. The student must bring his or her receipt to the scheduled testing appointment.

Objectives:

The OIS 1240 CBE test your Microsoft Word, Excel, Access, and PowerPoint skills for a PC. The following MTC IT College Graduate Competency will be assessed as well:

Use basic operating system functions including file management
Connect to the Internet and use a Web browser to research and obtain information
Create, send, and receive e-mail and attachments
